(Annual Report 2020-21)

The Annual report of the school

Last year 2020 was very crucial year. Everyone was captured in the trap of corona. In COVID-19 Lockdown situation everything was stopped. "Necessity is the mother of invention" So since April 2020, Our teachers have been doing great job, providing online study material and telephonic/Google Meet doubt clearing classes. Videos were also prepared by subject teachers and were posted on YouTube.

Parents too had supported a lot. The students of pre-primary and primary needed the physical teaching, but it was not possible still all the teachers had tried their level best to reach all the students through on-line classes during lockdown.

To develop interest in online classes school organized different types of activities, competitions on the same platform.

Excellence in academics is the hallmarks of good institution. We were eagerly waiting for board results of 2019-20 and our students had made us proud by scoring 99.9% result in XII and 100% result in X. Highest percentage 96.2% is equally scored by two students Pooja (Med, Science Stream) and Sangeeta (Commerce) then 90% marks, In class X highest score is 96% Scored more than 90% marks. We are still focusing on the board classes for this session too. The credit of excellent performance goes to our efficient teachers, laborious students, dedicated parents and motivated management.

As teachers are also learner, our teachers stay updating themselves by attending workshops. Teachers training was organized in school campus on gender sensitivity & stress management by CBSE Resource person & Online education workshop by Sigma Software Rewari. Regular teacher's training for English, Maths, Social Science, Science is attended by our subject teachers. Implementation of training session is observed among students.

One more feather was added to our glory of our school. Ms. Bhumika Yadav who secured All India 2nd Rank in National Level CSC Science Olympiad.

Sports Competitions inculcate the spirit of positive challenges and sportsmanship among the students. Our students had actively participated in different sports competitions. Our cricket team members had played at state level under-19, in which our Under-19 team secured 3rd position at

state level. One student of our school Mr. Jayesh Tiwari was selected in Haryana State Senior team and participated in National level cricket match.

Children's safety is the foremost priority of the school, for this purpose, CCTV Cameras have been installed at different places in school and buses also. POCSO Committees have been formed to curb the incidents of sexual harassment from grass root level as instructed by CBSE.

To increase the stability in student numbers last year we thank our management to provide us more number of class rooms, New building, furniture, computers, Smart Class TV System, CRIS school app, fully equipped sanitizing system etc.

Last but not least, we have been doing consistent effort to amplify the spoken English by showing visual presentation in smart class followed by interaction session of students in school.

Teaching and parenting is of course a privileged, sacred trust and the closer we work together, the more fruitful is it for our children.

With this the Annual report 2020-21 of our school is concluded.
